RIDE-A-THON

Saturday, October 6, 2007

Dear Friend,

The Equestrian Therapy Program has been providing therapeutic horseback riding for the handicapped in our area for over 20 years! Our riders are sent to us through the therapy departments of local hospitals, through private physician referral, and through the multi-handicapped classes of various area schools. During each session, we will average 85 disabled riders each week receiving this “therapy on horseback”. We feel we are making a difference in many lives which have been fractured by disability.

We know that you are besieged with requests from all kinds of charitable organizations. We all need to be informed about our giving. We feel it is important for you to know that ALL of the funds and services donated to the Equestrian Therapy Program stay here in our own area to help our own handicapped people. We have 2 advanced riding instructors, 2 registered instructors, 2 hippotherapists and a corps of more than 170 dedicated men, women, and teenage volunteers from our ten-county area.

We would be happy to send you a copy of our budget and financial statement for your perusal. We are proud of the work that we do – and we ask you to consider helping us in our efforts. All of our classes are held at Fassett Farm on Grubb/Bowsher Road; we invite you to come out to see them in action. If you can come, please call us at 419-657-2700 so that we can give you a schedule and directions. Thank you for your consideration!

**OUR ANNUAL RIDE-A-THON IS THE MAJOR FUND RAISER FOR OUR
OPERATING BUDGET. PLEASE JOIN US IN THIS PROJECT!!**

Sincerely,

Michele Andrews-Sabol
Director,
The Equestrian Therapy Program
